Instructions for use

Iron-on nametags

On transparent backing sheet

1. Peel off the label from the transparent backing sheet.
2. Place the nametag on the garment and cover with the silicone paper provided.
3. Heat the iron to maximum temperature for the garment. Turn off the steam function. Press the iron firmly on top of the silicone paper for 8 - 15 seconds.
4. Remove the silicone paper. Allow the garment to cool.

-  Use part of the plate without steam holes.
-  Place the nametag on the care label on non-ironable clothing.
-  Washable up to 90°C/tumble dryer safe.
-  Iron the nametags for longer if not firmly attached to the garment after ironing.
-  Iron the nametags for longer if labels are falling off in the wash or peeling.
-  To see a short instruction video go to www.mynametags.com.

Sticker nametags

On white backing sheet

1. Ensure surface to be labelled is clean and dry.
2. Remove a sticker and place on the surface.

 Stickers are dishwasher-proof at the highest temperature, and microwave safe.

Warning! Sticker nametags on textiles and clothing may come off and present a choking hazard for small children. Follow care instructions on garment. Do not iron on labels on non-ironable clothing. Take care when using a hot iron.
